Message from Hon'ble Minister of Electronics & Information Technology and Law & Justice, Government of India

Shri Ravi Shankar Prasad I am proud of STPI for their contributions towards the success of the IT/ITES industry and in making India as a preferred IT destination. Now, at this juncture, we have to leverage the benefits of the strong foundation we had in IT sector and should focus towards the smaller/muffasil towns for their all-inclusive

During last two decades, the Indian IT/ITES industry has matured enough and moved up the value chain. The IT/ITES industry has been contributing immensely in the GDP of the country and providing employment to millions.

Message from Hon'ble Minister of State for Electronics & Information Technology, Government of India

Shri S.S. Ahluwalia

Currently, most revenue by this sector is generated from, in and around, the metropolitan areas of Bengaluru, Chennai, Delhi NCR, Hyderabad, Kolkata, Mumbai and Pune. Other parts of the country, having availability of talent pool and infrastructure, are yet to

BPO / ITES Industry is one of the fastest growing segments under the Information Technology sector in the country. It has immense potential to grow and expand further because of its readiness to deliver at par with global standards and inherent cost advantage.
